Report summary and status for pending enforcement actions, permit conditions, Division Orders, and amendments:

The Division and Mr. Dan Guy, P.E., (representing the Permittee, Mountain Coal Company / ARCH Coal Company) made three attempts during the month of March, 2008 to conduct the required quarterly inspection for this site. The access road from the junction below the Sweet's Pond remains under a minimum snow depth of six inches. Access to this site by four wheel drive was attempted; approximately 100 feet up-Canyon of the County road junction it was determined that it would be unsafe to continue.

This site received final reclamation during the fall of 2007. The Division will continue to monitor the snow pack in the area and will conduct a complete inspection of this site as soon as possible.
